

Interview Clothing for Dunwoody Students

Check your closet...

The deadline is by January 31, 2025.

Who: Our neighbor, Dunwoody College of Technology, has been a member of the Womans Club since 2018. The Community Engagement Committee of our Club is partnering with Dunwoody to help these students prepare for their job interviews. We are collecting "looks like new " clothing for students (yes men also) that could be worn to their job interviews.

What: Take a look in your closet and see if you have any gently used clothing items you could donate to a young student to wear for a job interview. With the cost of clothing today, our clothing donations can make a huge difference to career support for these young people.

When: We will be collecting your items now through January. When you bring your items to the Club, check in at the Club front desk to let the receptionist know you have the donations. We want to record who gave and the number of items. The Club will also give you a donation receipt if you need one for tax purposes.

How: You can leave the items at the Club and our committee members will bring them to Dunwoody where they will set up an area at the school where students can come and select items that fit, in February.

Thanks for recycling anything you find that would help one of these young people.
