

The Woman's Club of Minneapolis

Being part of our community just got easier.

The Woman's Club of Minneapolis

Application **Active Member**

In 1907, 39 women created the Woman's Club of Minneapolis to be organized and operated for charitable and educational purposes, civic and social services, study, and friendly association. The Woman's Club has always responded to the pressing issues of the day. Members supported free medical exams for all public school students. They funded the creation of the Eloise Butler Wildflower garden in Theodore Wirth Regional Park, and inspired the founding of the Minneapolis Society for the Blind (now known as Vision Loss Resources).
